

SmartCurve Card Dispensing Kiosk

The new **SmartCurve Card Dispensing Kiosk** offers the unique ability of being able to dispense plain or fully printed PVC cards AND *enrol your customer on the system*. Along with being able to incorporate payment terminals, all types of card readers, receipt printers, a camera and even a wristband printer, it enables a secure, fully automated enrolment process *without the need for human intervention*.

The kiosk can be incorporated into any application allowing you to be able to take all the customer's details, photo, dispense a card and enrol that card onto the system. Its smart, familiar design can be easily customised to suit any brand requirements.

Example Applications:

- Membership Sign Up
- Season Ticket Sign Up
- Loyalty Card Sign Up
- Visitor Check in
- Hotel Check In
